EMPIRE

Empire™ Series

Cardinal's elegant Empire Series offers a bold, contemporary look in frameless, sliding-door glass shower enclosures, designed to be the centerpiece of any bathroom. Empire shower enclosures have one fixed glass panel with a number of configuration options. Empire Series enclosures can accommodate nearly any opening, with dozens of available glass options to choose from.

- Customizable to a wide range of widths to 72", with heights up to 80"
- 3/8" clear glass standard, with dozens of glass options available
- Designs feature bold glass clips or u-channel and four large rollers
- 2-1/4" recessed pull for easy opening and closing, with other pull options available
- Door overlaps between 1" to 3"

Finish Options

Empire Series enclosures are available with two stock hardware finishes: Polished Stainless Steel and Brushed Stainless Steel.

Glass Options

Empire Series enclosures are available in standard glass, patterned glass, cast glass and other options.

Artisan glass options include Satori™ printed glass, sandblasted glass, chipped edge glass and Vista™ grid pattern printed glass.

Cardinal 10™ Surface Protection

All Empire Series frameless enclosures are available with Cardinal's proprietary Cardinal 10™ Surface Protection as an optional upgrade. Cardinal 10 provides an extra layer of protection that creates an easy-clean, non-stick surface that repels soap scum, grime, mineral buildup, and more. Cardinal 10 can be easily maintained using a wide range of standard glass-cleaning solutions.
